

Unlock cloud potential *with Ergo's* Viability Assessment

ergo:

Overview

We at Ergo recognise the varied stages of cloud adoption across different organisations. Whether you are contemplating a move to the cloud, have not considered cloud options, or are already on your cloud transformation journey, our Cloud Migration Viability Assessment is designed to meet you where you are.

What we offer

Our fully-funded assessment is tailored for businesses with over 25 virtual or physical machines. The assessment typically takes two weeks to complete, requires minimal effort from your team and there is no obligation to migrate post-assessment.

Key components *of the assessment*

Current Infrastructure Analysis

- Thorough examination of your existing estate.
- Assessment of cloud readiness.
- Identification of gaps.

Cost Optimisation

- Insights into potential cost savings.
- Optimisation strategies to leverage multivendor cloud services effectively.
- Budget control while maximising cloud benefits.

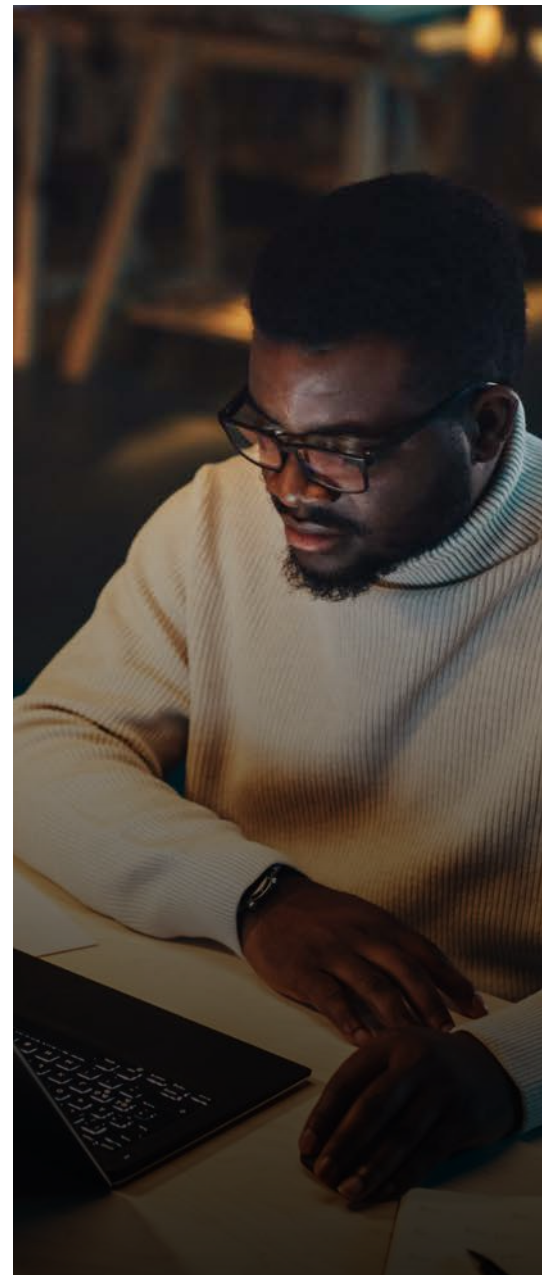

Architectural Planning

- Develop a high-level target architecture.
- Alignment with business objectives.
- Optimisation for chosen cloud platforms.

Transformation Roadmap

- Create a business case for cloud transformation.
- Strategic steps outlined for a successful migration.
- Best practices and product recommendations.

Why *Ergo*

Informed Decision-Making

Clients gain a deep understanding of their cloud readiness and potential benefits, empowering them to make informed strategic decisions.

Cost Efficiency

Detailed cost optimisation insights help clients maximise their cloud investment and achieve significant savings.

Tailored Solutions

The assessment is customised to align with your specific business objectives and infrastructure needs

Expert Guidance

Clients benefit from the extensive expertise of the Ergo Professional Services Team, ensuring a thorough and reliable assessment process.

Minimal Effort

The assessment is fully managed by our team, requiring minimal input from your side, allowing you to focus on your core business activities.

Outcome

At the end of the assessment, you will receive a detailed document outlining potential cost savings, best practices, recommended products, and a timely roadmap considering licensing and other critical factors. This empowers you to make informed decisions about your cloud strategy with no obligation to migrate post-assessment.

Next Steps

Don't miss the opportunity to gain valuable insights and strategic planning for your cloud adoption journey. Partner with Ergo to navigate the complexities of cloud migration and drive your organisation's success.

ergo:.

About *Ergo*

Ergo has helped IT leaders excel at the intersection of business and technology for over three decades, becoming Ireland's largest privately-owned IT services company with offices in the UK, Europe, North, South America and New Zealand. Providing bespoke, insights-led advice, expert implementation and proactive managed services, Ergo enables organisations to become more agile, more efficient, more compliant and better equipped for long-term growth.

By recommending a strategy of proactive IT investment that aligns with each client's unique business needs, Ergo has steered clients away from risk and towards reward. Cloud is the destination, where continual cost optimisation and performance improvements are service fundamentals for Ergo, where the IT estate becomes a hub for innovation and the driver for business transformation.
